March 7, 2019

Dear Vendor:

We are VERY excited about the 2019 Bug Out season. Virginia Motorsports Park in Dinwiddie, VA continues to be our host for the May show - **Bug Out 83** on May 26, 2019.

We are returning to Mooresville Dragway in Mooresville, NC for **Bug Out 84** on September 1, 2019.

Bug Outs continue to be an affordable way for Volkswagen enthusiasts and families to enjoy a full day of fun! Bug Out spectators receive a good value for their admission fee, which includes **shopping the vendor displays** and enjoying the day's activities.

We hope that you will sign up to be a vendor at our show. We would be happy to establish a link between our website, and yours during the 2019 season, at no cost. This link is located on the "Show Vendor" area of our website. This will allow your potential customers to visit your site. Please notify us by email with your request and link address. **Register your vendor space by April 30th and we will run your roaming banner ad on our website www.bugouts.com at no cost as well!!**

Dune Buggies and Hot VW's will be at the show covering drags and show cars. We have sponsorship opportunities for the **Car Show – Drags – Slalom Racing**. Please contact me if you have interest in having your company name associated with us and on our show shirt.

Please complete the enclosed registration form and return to Pro Show Productions, 7717 Rabbit Circle, Denver, NC 28037 (please note new address) with your deposit check. If you are not planning to mail your deposit check until the deadline, we would appreciate you returning the registration via mail or email (bugoutva@gmail.com) as soon as possible, so that we can reserve your space.

Please include information about your company on the registration form, so that we can advertise your products throughout the day of the show and on our website.

If you have any additional questions, you can contact me directly at 703-622-9500.

Sincerely,

Less Steger
